## Indiana Deer Hunting Rules Proposals:

One of the proposed modifications would allow rifles with only pistol cartridges to be used when hunting deer during the firearms season. Over the years, the DNR has received many emails and letters from hunters proposing a rule that would allow the use of rifles chambered for pistol cartridges for deer hunting. The DNR is proposing this rule modification in order to obtain public comment on this issue. **You may make your feelings known on this subject or any of the other proposals by emailing the Natural Resources commission at..** <http://www.in.gov/nrc/contact/>

### **Range Maintenance:**

If you are NOT authorized to use the Skagg riding mower at the range, please leave it alone. It has been left broken, without a key, battery run down, and out of gas many times. The Range Grounds Chairman and the gentleman who does the mowing have spent a lot of time keeping it repaired from misuse.
