As you can see a good turn out and we got the range looking nice for the Applesed event

Applesed After Action Report:

- **Boot Camp:** We had 9 shooters not including instructors. Of these 9, 7 qualified as Expert Riflemen and the remaining two were shooting at the Sharpshooter level. Of the 7 who qualified as Expert, 4 have become instructors-in-training. Also, we had one instructor-in-training who graduated to full instructor through their involvement in teaching at the boot camp.
- **National Shoot:** We had approximately 20 shooters with at least 3 qualifying as Expert Riflemen by the end of the two days and several others achieving Sharpshooter level.
- **Membership recruiting:** We handed out a half dozen Red Brush brochures to local shoot participants who were not members and used the opportunity to acquaint them with the range and how to become members. We also promoted the NRA youth fest. (Thanks for reminding me, Charlie, as several of the attendees did indeed have younger children.)

Net is that it was a very positive experience for all involved.
